EUROPEAN CONGRESS FOR HOMEOPATHY

**VIENNA
17-19 NOV
2016**

**Homeopathy
Individualised Medicine for all Ages**

**Global Summit on Homeopathy:
from the Medical, Veterinary, Pharmacy
and Patient Perspective**

www.homeopathycongress.eu

www.homeopathycongress.eu

www.homeopathycongress.eu

Dear colleagues,

The ECH congress 2016 offers a new international platform to present and discuss recent research and examples of best practice in the field of homeopathy.

Practice-oriented events for beginners and experienced practitioners, will be on the programme, as well as scientific sessions and panel discussions with experts. Subsequently, there will be interactive discussions within the ECH expert working groups.

The first ECH congress celebrates 200 years of homeopathy in Central Europe, highlighting the importance of homeopathy through the ages for all ages and the learning together of those who treat humans and animals.

Hosted at the Imperial Riding School Renaissance Vienna Hotel, located in the centre of Vienna, the most important national and European stakeholders in homeopathy will come together.

A wonderful social programme including an invitation from the Mayor to the spectacular Vienna City Hall for dinner with live music and dancing, an evening at a typical wine-tavern "Heurigen" and a visit to the opening of Vienna's Christmas market, this exciting congress and social programme will be a fantastic opportunity for networking and sightseeing.

On behalf of ECH, IAVH, EFHPA and the local organising committee, it is our pleasure to welcome you to Vienna from 17-19 November, 2016.

Yours sincerely,

*Dr. Peter Gregory
President IAVH*

*Dr. Thomas Peinbauer
President ECH*

*Mrs. Enid Segall
President EFHPA*

PROGRAMME

Day One: Homeopathy in Paediatrics & Young Animals

Symposium on ADD/ADHD/Hyperactivity in children and animals

- Keynote speech "New trends in conventional treatment of ADD/ADHD patients"
- Presentation of new homeopathic research data
